## TRUTH-IN-SAVINGS ACCOUNT DISCLOSURES

## Except as specifically described, the following drawal of dividends will reduce earnings

 disclosures apply to all of the accounts.
## 2. Dividends Compounding and Crediting.

1. Rate Information. The Annual Percentage The compounding and crediting of dividends Yield is a percentage rate that reflects the total applicable to each account is set forth in the amount of dividends to be paid on an account Rate Schedule. The Dividend Period begins on based on the dividend rate and frequency of the first calendar day of the Dividend Period and compounding for an annual period. For all ac- ends on the last calendar day of the Dividend counts, the Dividend Rate and Annual Percent- Period.
age Yield are fixed and will be in effect for the
term of the account. The Annual Percentage 3. Balance Information. The minimum balance Yield is based on an assumption that dividends requirements applicable to each account are set will remain on deposit until maturity. A with- forth in the Rate Schedule. For all accounts,
dividends are calculated by the Average Daily dividends are credited, accrued dividends will Balance method which applies a periodic rate to not be paid.
the average daily balance in the account for the
period. The average daily balance is determined 5. Transaction Limitations. After your account by adding the full amount of the principal in the is opened, your ability to make additional deposaccount for each day of the period and dividing its to your account or withdrawals of dividends that figure by the number of days in the period. and any limitations on such transactions are set forth in the Rate Schedule
2. Accrual of Dividends. For all accounts, divi-
dends will begin to accrue on non-cash deposits 6. Maturity. Your account will mature as indi(e.g. checks) on the business day you make the cated on this Rate and Fee Schedule or on your deposit to your account. For Certificate (1) ac- Account Receipt or Renewal Notice. counts, if you close your account before accrued

Early Withdrawal Penalty. We may Renewal Policy. The renewal policy impose a penalty if you withdraw any for your accounts is indicated on the of the principal before the maturity reverse side. For all accounts, your date. account will automatically renew for another term upon maturity. For all Amount of Penalty. For all accounts, accounts, you have a grace period of the amount of the early withdrawal seven (7) days after maturity in which penalty for your accounts is 90 days to withdraw funds in the account withdividends. out being charged an early withdrawal penalty.
How the Penalty Works. The penalty is calculated as a forfeiture of Nontransferable/Non-negotiable. part of the dividends that have been Your account is nontransferable and or would be earned on the account. It nonnegotiable.
applies whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividend has already been paid, the penalty will be deducted from the principal.

Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances:
(i) When an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction.
(ii) Where the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after establishment; or where the account is a Keogh Plan (Keogh) provided that the depositor forfeits an amount of at least equal to the simple dividends earned in the amount withdrawn; or where the account is an IRA or Keogh and the owner attains age $591 / 2$ or becomes disabled.

The rates and fees appearing in this Schedule are accurate and affective for accounts as of the Effective Date indicated on this Truth-in-Savings Disclosure. If you have any questions or require current rate and fee information on your accounts, please call the Credit Union.
